Dear Andrew:

Here's a list of Greek and other migrant associations we have obtained through Sol Encel, who is an old friend of ours and a retained special and continuing sub-consultant to USC.

I would like you to decide whether you wish to circulate the "community facilities" letter to this list. On one hand, you could then claim to have delved deep into the migrant community. On the other hand, there is a dreadful danger of stirring up fear and apprehension among these people. You might create a babble of tongues, by arousing hopes that simply cannot be satisfied by a mere strategic plan.

It might be better to contact and induce the participation of these people when we come to do the Action Plan for Surry Hills.

Please let me know what you decide.

Sincerely

  
George Clarke
