

NEWMETAL MINES LIMITED

requires a

GEOLOGIST

1-2 years experience

Newmetal Mines Limited is an active young exploration company with prospects in Western Australia, Queensland and New South Wales. The Company is currently going through an exciting growth period and requires the services of a keen young geologist.

The appointee will be under the supervision of a senior geologist, but will be expected to handle the field activities on the Company's promising prospects in the Cloncurry region. The base for exploration will be centred in Cloncurry.

This is a unique opportunity for a young geologist to gain excellent experience and demonstrate his ability.

Salary will be by negotiation, however, the company will pay well to get the right young man. Good fringe benefits are available.

Applications should be directed to:
**The Administration Geologist,
NEWMETAL MINES LIMITED,**

9th Floor, A.D.C. Centre, 99 Elizabeth St, Sydney, 2000

SENIOR ACCOUNTANT

ASSISTANT TO
CHIEF FINANCIAL EXECUTIVE

A large and expanding Australian Company which is part of a leading International Group, invites applications for the position of Assistant to the Chief Financial Executive at its Head Office in Melbourne.

The Company is engaged in manufacturing and marketing activities and has recently completed a major expansion program.

The appointee will be responsible to the Chief Financial Executive for the direction of the management and financial reporting function and will assist him in formulating and establishing financial policy and the operations necessary to implement this policy. In addition, he may be required to act for the Chief Financial Executive.

The company is seeking a fully qualified accountant with substantial experience covering the full range of accounting and financial duties preferably in a large manufacturing organisation. Experience in implementing management information systems and controls is required and a knowledge of E.D.P. would be an advantage. Preferred age range is 35-40 years.

This is a senior executive position and one which offers considerable job interest and challenge to the right man.

Salary will be negotiated within the range of \$8000-\$9000 per annum. Superannuation is also available.

Applications, which will be treated in strictest confidence should be addressed to:

Management Consulting Services 782

Price Waterhouse & Co.
447 Collins Street, MELBOURNE, 3000,
or telephone Mr Sheehan on 61 3511
for further information.

UNUSUAL CAREER OPPORTUNITY

MATURE WOMAN

A COMMENCING SALARY
AROUND \$4000 P.A.

The requirements to fill this position are:

- Energy and intention to make a full-time career.
- Interest in meeting and helping people.
- A sound education, preferably with some tertiary qualifications.
- Administrative experience.

A long established business associated with the commercial training of young women offers a most unusual and interesting opportunity for a capable woman aged between 30 and 45 to make a long term career. Experience in the Client's particular field is not essential.

Located in Melbourne, the successful candidate will directly control an experienced staff numbering about eight and will enjoy considerable autonomy in this responsible position.

Three weeks' leave to be taken outside normal school holidays.

Applications, which will be treated in confidence, should be addressed, marked "Private and Confidential", to:

F. S. Stapleton, Director of Personnel

BECKINGSALE
MANAGEMENT SERVICES PTY LTD

33 QUEENS ROAD, MELBOURNE, 3004

Also at M.L.C. Building, North Sydney, 2060.

PEOPLE IN BUSINESS

MR W. DOODY, operations manager for Wimpy Restaurants Pty. Ltd., leaves Sydney on March 6 for Japan, where he will open Japan's first Wimpy outlet.

Mr Doody will spend two weeks in Osaka, training the general manager and staff of the outlet — a self-service, take-away bar — the first of 50 to be opened in Japan over the next three years by the newly formed Toshogu-Wimpy International Co.

Wimpy Restaurants Pty. Ltd. is the Australian subsidiary of Wimpy International Ltd., a member of the J. Lyons group of companies, the largest catering organisation in the world.

MR J. J. CARSON has retired from the board of Blue Metal Industries Ltd.

The vacancy has been filled by the appointment to the board of Mr R. W. Hooper, the operations manager of the quarrying division of the group.

MR U. AGNELLI has been appointed managing director of Fiat S.P.A.

In his capacity as managing director, Mr Agnelli is responsible for all activities of Fiat throughout the world.

Mr Agnelli visited Australia last February and had talks with Federal and State Government

• U. AGNELLI

leaders, met heads of banking, insurance and industrial companies, including leaders of the automobile industry.

Mr Agnelli is also chairman of S.A.I., one of Italy's leading insurance companies, and a director of many overseas companies.

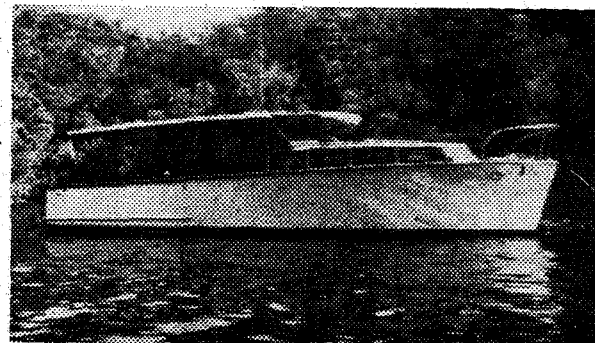

He is a member of the consultant committee of the International Chamber of Commerce, attached to the U.N.O.

Printed and published by John Fairfax & Sons Limited, of Jones Street, Broadway, at Jones Street, Broadway. Postal address, Box 506, G.P.O., Sydney, 2001.

• W DOODY

MR W. R. CLARKE, manager of the Royal Exchange branch, Sydney, of the Bank of New South Wales, has accepted an invitation to join Hill Samuel Australia Ltd. early next month in a senior capacity.

Operations Manager

TO \$12,500

URBAN SYSTEMS
CORPORATION

An Operations Manager is now required for the Urban Systems Corporation, which has grown from the 10-year-old professional practice of Clarke Gazzard and Partners. Urban Systems Corporation operations consist of multi-disciplinary approaches to all aspects of urbanisation, including urban research, planning, transportation, design, architecture and development implementation. The corporation currently employs 80 professional and technical staff throughout Australia, with headquarters in Sydney.

The newly created position entails responsibility for the efficient and economic management of human and financial resources. The Operations Manager will provide the Corporation with financial, administrative and commercial services as required by its overall objectives.

The successful applicant will be about 40 years old and will have a proven record of responsibility in multi-project scheduling and control, budgeting and financial management and office services. Formal accounting or commercial qualifications would be desirable but are not essential.

Total remuneration will be determined according to ability and experience in the range of \$9,000-\$12,500 per year. Superannuation and life assurance benefits are available.

Applicants should write to Mr. P. Hackforth-Jones, stating how each requirement is met, quoting reference number V586.

You are assured of complete confidence and no details will be passed to our client without your consent.

OPERATIONS RESEARCH

THE COMPANY:

British Tobacco Company (Australia) Ltd. is one of the leading public companies in Australia, with widely diversified interests. Its major activity is in the cigarette and tobacco industry but, in addition to an established printing and packaging subsidiary, it has developed over recent years extensive interests ranging over food, beverages, pastoral and allied activities.

THE POSITION:

With the continued expansion of the company the demands on the Technical Services Department from the three major operating subsidiaries—W.D. & H.O. Wills (Australia) Ltd., Leigh Mardon Pty. Ltd. and Associated Products and Distribution Pty. Ltd.—have increased, and additional staff are required in the field of operations research. The position involved calls for a qualified man or woman and requires experience in the application of mathematics, logics, science and data processing to the solution of a very broad range of industrial and management problems.

Applications in writing should be addressed to:
The Manager, Personnel Administration,
British Tobacco Company (Australia) Ltd.
G.P.O., Box 145, Sydney, N.S.W. 2001.

All applications will be treated in the strictest confidence.

Whilst specific experience in formal operations research fields is not essential, some knowledge of overall business operation must be combined with analytic ability and enthusiasm. The location is Sydney.

THE PERSON:

The man or woman we are seeking must have tertiary qualifications with substantial mathematical content and would preferably have experience in the use of data processing techniques in the investigation of industrial and management problems. A lively interest in and understanding of the broad basis of company operation is desirable. Because of the requirements of the position it must be filled by a man or woman with the appropriate personal ability to work in contact with all levels of company personnel at the various centres in the major capital cities. Due to the nature of the problems and techniques involved applications will be expected from persons in the age group 24 to 35 years.

CONDITIONS:

The Company conditions of employment are generally comparable with those of similar large leading organisations and salary will be negotiated in accordance with qualifications and experience. A generous contributory superannuation scheme is available.
