The Town Clerk
Council of the City of Sydney
Town Hall
SYDNEY NSW 2000

70194 (cf: 7078/A1)

Dear Sir :

re : City of Sydney - Action Planning for Perimeter Parking
Stations : Western Fringe of CBD

We refer to a telephone conversation with Mr K. Buggy on December 22, 1970, and to Council's resolution of December 21, 1970, to proceed with an action plan for off-street parking stations on the western perimeter of the Central Business District.

Following discussions with the staff of the City Engineer's Department, we are now proceeding to gather and compile basic data and maps to prepare an action plan for this project.

As discussed previously, this work will be billed monthly in accordance with Clause 8 of the Agreement relating to the preparation of the Strategic Plan made between Council and the Urban Systems Corporation.

It will be appreciated if Council will continue to forward to the Urban Systems Corporation details of all development applications within the Central Business District and, in particular, those related to the area between George Street and Darling Harbour. In addition, we would appreciate information concerning approvals by the Parking Advisory Committee or the Heights of Buildings Advisory Committee concerning off-street parking under new buildings.

Yours faithfully

URBAN SYSTEMS CORPORATION PTY LTD
