The Town Clerk
Council of the City of Sydney
Town Hall
SYDNEY NSW 2000

Dear Sir : ATTENTION: MR K. BUGGY

re : City of Sydney Strategic Plan Report
Inclusion of Quotations from Participation Letters in Final Report

We refer to our letter of May 27, 1971 re the above.

We understand that letters have been sent to the 19 organisations listed on pages 13 - 19 of the document attached to our letter (i. e. extract from the Strategic Plan report) to seek to confirm their approval for printing extracts of letters from those bodies.

It should be noted, however, that although verbal approval has been sought from those listed on the preceding pages 1 - 12, there has been no formal or written approval or confirmation received by this office.

We feel that Council should, in fact, confirm in writing that approval has been given to the inclusion of all extracts in the Strategic Plan report, and we enclose a draft letter and extracts which should be enclosed with the letter from Council to the remaining organisations and bodies which have not been approached by Council, formally.

Yours faithfully

Dear :

Council's Consultant is now proceeding to publish the Strategic Plan for the City of Sydney. The document will contain a section entitled 'The Needs and Demands of the Community'. Under this heading, a careful summary of matters raised in the hundreds of letters received by Council has been made. Following this summary, we would like to print some actual quotations from actual letters.

Naturally, there cannot possibly be space to quote any of the letters in full, so it has been decided to quote typical sentences and phrases which will indicate the character of the letters Council has received.

We attach a copy of the extract which has been verbally approved by you with the Project Director, Mr George Clarke, for publication in the Strategic Plan.

Thank you for your cooperation in this matter.

Yours faithfully

Dear

Council's Consultant is now proceeding to publish the Strategic Plan for the City of Sydney. The document will contain a section entitled 'The Needs and Demands of the Community'. Under this heading a careful summary of matters raised in the hundreds of letters received by Council has been made. Following this summary, we would like to print some actual quotations from actual letters.

Naturally, there cannot possibly be space to quote any of the letters in full, so it has been decided to quote typical sentences and phrases which will indicate the character of the letters Council has received. In selecting the sentences and phrases to be extracted, we have had regard not only to length but also to a balance of subject matter. You will appreciate that many people have written on the same subject.

We attach a copy of the extract we would like to publish from your letter; and, since the Consultant and its printers are now working to a very strict deadline, if you have any objection to the publication of this quotation, we would ask you to inform us by Monday next, June 7.

Yours sincerely
