

August 10, 1970

The Town Clerk
Council of the City of Sydney
Town Hall
SYDNEY NSW 2000

7078/A1 / A20

ATTENTION: J.H. LUSCOMBE, Esq.

Dear Sir:

re: City of Sydney Strategic Plan - Information and Data re
Parking in the City, available to Council

During discussions on Tuesday, August 4, between your Mr E. Hebblewhite and representatives of your Consultant, reference was made to a survey and investigation of parking in the City of Sydney being conducted by the Working Group appointed by the Steering Committee on Parking established by:-

The City of Sydney Parking Advisory Committee
The Traffic Advisory Committee for NSW
The County of Cumberland Passenger Transport
Advisory Committee

under the chairmanship of Mr F. Beyer of the Department of
Government Transport.

It is understood that the report covering the conduct and results of this survey and investigation has now been completed. However, it was indicated that the report would not be available until it has been referred back to the members of the various sponsoring committees. As you can appreciate, this could involve several weeks' delay before it is received by the Urban Systems Corporation.

You will appreciate that this data is urgently required by your Consultants for immediate study. Delay in our obtaining it will prejudice our ability to complete the Strategic Plan within the contract period.

Yours faithfully

URBAN SYSTEMS CORPORATION PTY LTD

George Clarke, Managing Director
