Cross to get \$16m building

By IAN FRYKBERG,
Civic Reporter.

A \$16m hotel, shop and office building with an elevated half-acre plaza is proposed for Victoria Street, King's Cross.

A preliminary application for the 32-storey building has been received by Sydney City Council.

The 500-bed hotel will be linked with the King's Cross underground railway station, in much the same way as the Menzies Hotel is linked to Wynyard Station.

It will have a 1000-seat banquet room with provision for big conferences, and a rooftop restaurant and swimming pool.

The application was submitted by Civic and City Planning Group Pty. Ltd. on behalf of Parkes Development Pty. Ltd.

The hotel will be leased by Wynyard Holdings Ltd., owners of Menzies Hotel.
