PERSONAL

19th November, 1976.

Mr. Neil Wilson,  
Leader, Special Studies Section,  
N.S.W. Planning & Environment Commission,  
6th Floor,  
302 Castlereagh Street,  
SYDNEY, N.S.W. 2000.

Dear Neil:

I enclose a copy of the Blue Mountains Statement of Objectives adopted by Resolution of Council on 21.6.76. It illustrates the trend of my work towards Management by Objectives in finding a practical path through the normal confusion of environmental planning and management problems, and towards Corporate Planning for public authorities. The Blue Mountains Town Clerk and Department Heads seem to be pursuing the Action Priorities with quiet determination.

Yours sincerely,

George Clarke.
