7th September, 1973.

Mr. George Clarke,
Urban Systems Corporation,
M.L.C. Building,
Victoria Cross,
NORTH SYDNEY. N.S.W. 2060

Dear Mr. Clarke,

This letter is to thank both yourself and the other members of your staff for meeting with the students from this Department who recently visited Sydney. We were very interested in the Kings Cross and Surry Hills projects and, in addition, many of the students have asked me to thank you particularly for talking on the role of geographers in planning. We found that the visit to your offices provided an excellent starting point for our field school.

Yours sincerely,

JIM WALMSLEY (DR.)
