The University of Sydney

Dear George;

Since I encouraged you to put in for the Chair I was more than sorry to hear the news from Eva; they did the same thing to three other men whom I asked them to interview when the first list of applications came in, before the closing date.

Now I am out of the decision making process, which is good in principle, but leaves only gossip to go upon.

With many regrets -
but no fears for your future,
and good wishes as always,
from Denis Winston.
