Dear Don :

I attach a copy of a letter written today to the Registrar of the University of Sydney.

After considering the matter over recent months I have decided in the last few days that it is best that I should take the pro forma step of applying for the Chair in order that the potential problems and benefits of USC can be fully explored by the Board and that in the meantime, our options will be kept open.

Yours sincerely

George Clarke

Dear Sir :

I thank your staff for sending to me a copy of the notice inviting applications for the Chair of Town and Country Planning. I have been out of Sydney in the last month and was unaware that the Chair had been advertised. It was only drawn to my attention after the nominated closing date of April 30.

I have noted the requirements for the content of an application as set out as items (a) to (m) on page 3 of the information booklet.

I am currently setting about the task of compiling the data required, and request that you accept this letter as a formal expression of my intention to apply for the Chair. I will complete the compilation of the supporting data and submit it as soon as this is done.

Yours faithfully

Walter George Clarke
