Dear Dr. Clarke

Subject: Consultative Meeting of Experts on Training  
for Regional Development

I have pleasure in informing you that the United Nations Centre for Regional Development will hold a consultative meeting of experts on Training for Regional Development from 28 January to 4 February 1980. The meeting will be held at Nagoya, Japan.

The purpose of the meeting is to bring together a group of experts to discuss the current strategies, methods, approaches and institutional arrangements for training regional planners, and to formulate, in the light of the discussions, guidelines and future lines of action for further strengthening of the national capabilities in regional development planning. Further details on the objectives of the meeting are contained  
..... in the Aide-Memoire, a copy of which is enclosed.

I would like to invite you to this meeting, and to also request you to contribute a paper for discussions during the meeting. However, our Centre on account of its limited budget, is not in a position to defray any part of the expenses of your travel or DSA, but given your contacts I am sure you will find other sources to fund your participation in the meeting.
