Dear George.

I was absolutely delighted to have your long letter. and am replying although I have preparations for a trip starting the 14th plus plus. I'll be away for a month.

I have been thinking of your smoking and wishing hard for you. Have you tried aero-ionizer? Available for your desk in Sydney for about \$70.00 from, Tel. 02 407 2032. You can mention me. It's a tidy way of getting orgone without the cumbersome orgone box, though they don't know it. I wrote about it first in 1954.

The Iranian story is sad just now. Pahlbod deposed as Minister. My exhibition still on after that, and then the rats and it's all indefinitely postponed. ofcourse !!

So it's only Mexico and the rest of the world now.

Should be in Sydney with regard to some Sculptcrete stuff soon after that and hope you are there so we can celebrate ~~your~~ first three months without fags.

I am just putting the finishing touches to my MS for Pergamon Press Concrete Fit for Cities which puts the case for a bio-energetic, eco-architecture and its basis for the third millenium - not just the twentyfirst century. I want to talk to you about it. Make you feel with me. The enclosed will give you I hope a bit of pleasure. It's been immense for us. Still poverty stricken and riches (only to the extent of paying the overdraft) round the corner. just around the corner.

I think you will be experiencing a renaissance when you emerge from the present tranquillity albeit full of inner conflicts. You've done so much. that helps to be able to relax for a year or two and let others carry on.

You talk of another twenty thirty years. I get Jean mad by talking of my second fifty years !

What you write about Adelaide is most interesting and instructive for me: remember how I said what bloody nonsense that idea was for Adelaide? once again great minds think alike although damn me it takes much brilliance to work that out !!

I already look forward to our meeting. Our bonds of friendship and mutual appreciation will be deeper and our ability to think through together some of the things the other bastards barely divine will be luxury. I'll be in touch. look after yourself, please.

Consultancies, research, exhibitions, lectures, publications and sales by P.E.E.R. Institute in 33 countries in all six continents.
