Dear George,
Hope you got our cable
saying you ~~were~~ are always welcome
here. Presume you managed to get
extensions of your visa.

I notice you asked Ben
a lot of questions in your letter, &
I chided Ben for not answering.
He said he was expecting you
to turn up here. But he says he'll

went into various deals (we think)
with Cedric Zucker (of Orientations)
and Judy Dambinger (an Australian
girl who is or was his ladylove,
and a very smart business woman).
He knows everyone in Indonesia.
It should not be hard to find
him. Judy used to have a
secretarial service in the
Hotel Indonesia, & the American

address for Bill: Box 2707 Djakarta.
Love to you both!! Jean.

is doing his M.A in International

at Kallaroo; we are in Armidale
for a couple of months will be lecturing.

You should certainly be the Senior
Urban Planner in Indonesia; you & the
job are made for each other, & I do
hope you get it. How far if we
could all turn up there.

All your photos look simply
wonderful; the house with those
marvellous statues; what beauty!!

You may have met
him at our house
in Lincoln

Did we ever give you
Bill Holliger's name? He used to
be with the Harvard Advisory
Service, & then struck out and

In the meantime, I'll simply relay the message that Ben would be delighted to help you in anyway he can, to put words in the right ear, & of course he would always enjoy working with you. We are bespoken to Sri Lanka & to UNCRD which fills up most of this year but I think Ben could wangle & manipulate things to help you too; in any case - there's always the slip twist up & slip, & the UNCRD is yet to be confirmed although I think it will be. Like "Clarke Urban Systems" -- it's concise.
