Mr. George Clark,  
C/- W. Ruma,  
Box 15, Kantor Pos,  
DENPASAR, BALI. INDONESIA.

Dear George,

It was good to receive a sign of life from you, especially coming with stamps from the Vatican. I did not know that you were paying a visit to Italy for religious instruction!

I can well imagine the pleasure it must be to visit Italy. I cannot wait to go myself again, but would like to learn the language a little as it adds so much to one's understanding.

We have made some progress with the collection: the shelves and the special boxes for the material have arrived and we now have to wait till the rush of students has dissipated for cataloguing to begin. We hope to have it all in place by the end of the year. It certainly will be useful as there are several student studies in progress which could use the research you did as a starting point.

I trust that you have a relaxing time. The consultant field is fairly quiet here (except for some E.I.S.) so you are not missing out very much.

With kind regards,

Yours sincerely,

SCHOOL OF TOWN PLANNING

Mr. George Clarke,  
15 Albion Avenue,  
PADDINGTON. N.S.W. 2021

Dear George,

On behalf of the School of Town Planning I would like to express my sincere appreciation for the donation of your library. It is a unique collection by a highly respected consultant covering a significant period of planning in Australia.

In order to ensure proper care of the collection, it has been agreed that the collection will be located in the Faculty Library which has its own Librarian. I have also given an instruction that the collection be separately identified and be known as the George Clarke Collection.

We wish you a very good year overseas and look forward to making good use of the documents.

With kind regards,

Yours sincerely,

Hans L. Westerman  
Professor  
Head, School of Town Planning.
