Dear Bruce:

I trust you received my 10 page typed letter dated 2 December 1980. In case something went wrong, I enclose the Registration Receipt given to me by the Denpasar Post Office when I paid U.S.\$4.00 for air mail and registration of the rather bulky envelope.

I also trust that you received the Telex I sent you on the same day, 3 December 1980. If not, you will find the official copy of it given to be at the Kuta Telex Office here, just as it went into the machine.

Please note that if anyone wants to Telex me, the way to do it is to telex to:

Indonesia Calling Code plus one of the numbers of the Denpasar Public Telex Office:-

wrong 35140 or 35141 or 35142

Answer back code in either case is "tlx bth denpasar" which stands for "telex booth Denpasar"

Then start the message with:-

"PLEASE DELIVER TO:

George Clarke  
care Easy Rider Travel Service  
Melasti Hotel  
Kuta Beach."

I now enclose a ten page blockbuster of the ICHUDS (ugh!) Project Document Draft.

Please read it, and if you think it will do me any good, pass it along officially to the UNCHS person you feel will be able and willing to help me most.

If you think it will only do me harm, I give you my permission to keep it to yourself, or use it in some other informal way.

Looking forward to hearing from you very soon... I'm now 21 typed pages ahead of you in our correspondence !

Regards, George
