

LORD MAYOR'S ROOM
TOWN HALL
SYDNEY

6th May, 1960.

Mr. George Clarke,
110a Carrington Road,
RANDWICK.

Dear George Clarke,

My commitments over the next few days and my departure next week for New York unfortunately prohibits my undertaking any new matter or proceeding with any matters other than those requiring decision before my departure.

I do hope however, that you will keep in touch with some of my colleagues while I am away to keep the matter discussed recently prominently in their minds and also that you will retain liaison with Messrs. Pettingell and Scottford who have had a preliminary discussion with me on the subject of a Committee.

Whilst their thinking and mine were one on major policy questions and I am confident we will eventually reach agreement, the proposal cannot be further advanced until the necessary Citizens Committee becomes a reality.

With kind regards.

Yours sincerely,

H. F. JENSEN
Lord Mayor
