Address On Quay Plans

The Professor of Town and Country Planning at Sydney University, Professor D. Winston, will be invited to address the City Council on a redevelopment plan for Sydney Cove.

Professor Winston is a member of a private group called the Sydney Cove Area Development Committee.

It consists of representatives of Lend Lease Corporation Ltd., I.C.I.A.N.Z. Ltd., Unilever Australia Pty. Ltd., the A.M.P. Society, the British Tobacco Co. (Australia) Ltd., the Macquarie Club, and Professor Winston.

The plan is expected to contain the best features of the Sydney Cove Area Development Committee's suggestions and a plan prepared by the council's Principal Planning Officer, Mr D. McK. McLachlan.

The S.C.A.D.C. suggestions and Mr McLachlan's plan yesterday came before the council's works committee and its city planning and improvements committee.

The works committee made a recommendation which the city planning and improvements committee endorsed, that Professor Winston and Mr McLachlan confer on the plans.
